(www.youtube.com) (Patch Adams 3/10)

Start at 1 minute 15 seconds

Arthur: How many X do you see?

Patch: There are 4 fingers, Arthur.

Arthur: You are just another X. No! Look at me! You're focusing on the problem. If you focus on the problem you can't see the solution. Never focus on the problem. Look beyond the fingers. How many do you see?

Patch: 8

Arthur: Yes! See what no one else sees. See what everyone chooses not to see... out of fear, conformity or laziness. See the whole world new each day. Ah, the truth is you're well on the way. If you don't see something here besides a crazy bitter old man you wouldn't have come in the first place.

Patch: What do you see when you look at me?

Arthur: You fixed my cup. I'll see you around.... Patch.
