Page 1

What should you keep in mind when traveling?

Why are some people prone to making the same mistake again and again?

What subject have you studied that now seems irrelevant to your life?

What distracts you from studying?

When have you said, "first things first?"

Is your university education worth the time and cost?

Give an example of when you were willing to go the extra mile to help a friend.

Are you getting tired of online classes?

What are you a die-hard fan of?

What have you grown out of?
