

HUFS GSIAS ADMISSION INFO SESSION

Graduate School of International and Area Studies

*Fly beyond your wildest dreams with GSIAS,
“The Powerhouse in the International & Area Studies”*

The Graduate School of International and Area Studies (GSIAS) at HUFS was founded in the late 1990s with the mission of training international professionals specializing in international trade and geopolitical issues, in response to the challenges posed by globalization. Since its inception, GSIAS has been committed to nurturing future professionals through its excellent teaching programs and numerous scholarship opportunities. Many of our graduates are currently working in research institutes, embassies, overseas businesses, academia, and international organizations, including those within the United Nations. In particular, starting from the academic year 2024, GSIAS has initiated the “KOTRA-HUFS International Trade Strategy Studies” program aimed at cultivating international trade experts with practical skills. We genuinely hope that this information session will provide you a window of opportunity for your future career as a specialist in the fields of international relations, trade, and development.

Monday, May 27th, 2024 SEOUL TIME 18:00 PM

Either visit us at #113 International Bldg. on HUFS Seoul Campus or join us online at

Here's Webex Link!
